- ⑦ LED Light Panel

_____ .1. _____

Technical Specifications:

Solar Panel: 0.55W
 Li-ion battery: 3.7V 1200 mAh
 LEDs: 0.8w, 6000K, 160 Lumens
 Detection enabled: < 10 Lux
 Detection range: 120°, 3m
 Light Modes:
 - Off
 - On with standard brightness
 - On with Powersaving enabled

(motion detection enabled after dusk)

Size: 95 x 123 x 47mm

_____ .2. _____

Operating the Light:

1. Installing the light

Please use the supplied wall plug and screw to mount the light unit on the wall.

2. Charging the light

A south facing wall is best for charging the light. Make sure the panel is not mounted behind glass or in the shade. Remove the protective film from the solar panel. Allow three days for the light to charge.

3. Activate the lamp

Use the on / off button on the front of the light to unlock the light ready for use.

- 1st push - standard brightness (160 lumens)
- 2nd push - Powersaving brightness (80 lumens)
- 3rd push - lamp is off.

4. Night sensor function

The motion sensor will activate the light when motion is detected and turn off approx 15 seconds after motion ceases.

_____ .3. _____

Day / Night Cycle

Tips:

Ensure your solar panel is South facing or as near as possible

Clean your solar panel from time to time

Do **NOT** place your solar panel in shaded areas.

Do **NOT** charge behind glass

_____ .5. _____

Troubleshooting:

The Light is flashing

The light is running low on charge. Turn the light off and let it charge for 3 days with no activations to build up a good base charge in the battery.

The Light won't activate

If the light won't activate after dusk the light may be low on charge. Turn the light off and let it charge for 3 days with no activations to build up a good base charge in the battery.

Is there another light source hitting the panel, tricking it into thinking it's still daylight? Cover the panel with your hand to simulate total darkness. If light activates you may need to reconsider where the light is installed.

_____ .6. _____

Package includes:

1. Eco Wedge XT Lamp
2. 1 x Wall Plugs
3. 1 x Screw
