

Technical Specifications

Solar Panel Strength:

Wattage: 10
Ampage: 0.557
Voltage: 17.93

Battery:

Type: NiMH
Capacity: 3Ah
Voltage: 12v

Dimensions

Light Unit

Width: 165mm
Height: 215mm
Depth: 60mm

Solar Panel

Width: 335mm
Height: 280mm
Depth: 160mm

Product Code: SS9798

The **Astron Solar Floodlight** is a mains-equivalent 40 LED solar floodlight which gives you up to 12 hours of light each night. With its 50m range remote control the Astron has many applications including: general outdoor lighting, outdoor security lighting, indoor shed and outbuilding lighting, sign lighting, feature up-lighter, portable work light and even emergency home backup lighting - making sure you have light whenever you need it.

Key Features

- Commercial Grade Solar Floodlight
- Remote Controlled (50 metre range)
- 40 Bright natural white LEDs
- Can light for 12 hours once fully charged
- Will light for 6 hours after a typical days charge

- Glass Lens
- IP56 Waterproofing
- Dual Solar Panel Input
- Robust Aluminium Housing
- 12 month warranty
- Boxed Weight: 3.5kg
- 5m of solar panel cable
